The President's Message

The Prez Says

Hello GAUA, Spring is really here this time. I have been getting my plane ready for an FAA inspection. The wind was blowing 15-25 sunny and 80 deg. I've been getting some flying in. Next weekend is the Fly-in at Parks. Diana Earhart from the Parks Tower will be at the meeting to give us a briefing. If You can you should be there to fly in to Parks. If you want to fly in but can't be there Call me and I will brief you. The weather looks to be great. The Saturday after May 12 we will be meeting at Earl Ray's hangar at Smart Field so we can do a class weight and balance. We can fly in and meet at his hangar. Then we can get lunch at Mary's on the field. Looks like we are in for a great year of flying. See you at the meeting or in the air.

Keith Smith Prez. G.A.U.A.

Weekend for Weight and balance to be May 12

New Business

Diane Erhart will attend our meeting and give us instructions for coming to the fly in.

Keith will present the 2nd annual founders day fly in at Gateway Air Park on the same weekend as Pierron days, This year it will be cosponsored by EAA 64 as many of the members of EAA 64 are from that area. One in particular was paramount in helping the

Calendar of Events:

The Great Mid-West Fly-In
May 5-6, 2007. St. Louis Downtown Airport, Sauget, Illinois.

Visit <http://www.midwestflyin.org/> for info.

Byrd's Spring Ozark Mountain Fly-In

May 18-20, 2007. Ozark, Arkansas. Powered parachutes and other light aircraft share the skies over Byrd's 2500' grass airstrip, located beside our campground on the banks of the Wild and Scenic Mulberry River. Plenty of RV and tent camping, hot showers, hiking, canoeing, bike trails, flight instruction, and other activities for the whole family. Camping is \$8 per person per night with electricity, \$6 without. Helmets and safety briefing required for all who fly. Airstrip coordinates: N 35 40' 41.00" W 93 43' 50.00". Contact Zen Boulden at (479) 667-4199 for more info. [Byrd's Adventure Center](#)

The Endless Foot Drag: 2007 Arkansas / Oklahoma Memorial Day Fly-In

May 25-28, 2007. Arkoma, Oklahoma. This is the 3rd Annual Memorial Day fly-in at the Two States Sod Farm, Arkoma, Oklahoma. This location is one of the largest Bermuda sod farms in the central U.S. Our fly-in is a large, but informal fly-in. The only requirement is that pilots must register, obey FAR 103, and sign the required liability release forms. To learn more, contact Britton Shaw, (479) 648-5512 or (479) 285-8889 or ezn72sh@yahoo.com.

EAA SW Regional Fly-In

June 1-2, 2007. Hondo Municipal Airport, Hondo, Texas.

The EAA SW Regional, known as "The Texas Fly-In", is a unique opportunity for members of the Experimental Aircraft Association, airplane enthusiasts and the general public to spend one weekend a year examining new and experimental aviation technologies, looking at airplanes and attending lectures on related topics. For more information, visit <http://www.swrfi.org/>.

Mishawaka Pilots Club Fathers Day Fly-In

June 17, 2007. [Mishawaka Pilots Club Airport](#), Elkhart, Indiana. Mishawaka Pilots Club is having their annual Fathers day fly-in drive-in. Breakfast from 8:00 to 10:00 AM. Fun for the whole family. Come for breakfast and stay all day. For more information, contact [Brett Schuck](#).

Sixth Annual Wisconsin Powered Parachute Association Fly-In

June 22-25, 2007. Mark's Park & Airfield, New London, Wisconsin. Flying, clinics, demonstrations, camping, food, and much more. Mark's Park has made improvements to their airfield including more electric plug-ins and showers. www.wisconsinppa.org/

Tri-State-Ultralights Powered Parachute & Powered Paraglider 9th Annual Fly-In

June 22-24, 2007. Quincy Regional Airport-Baldwin Field, Quincy, Illinois. Water, camping, indoor restrooms, restaurant, gas, and grass runway. Contact Edward G. Neff Jr. edneff@adams.net, (217) 228-2053.

2nd Annual Fly-In and Pig Roast

July 7, 2007. Greater Kankakee Airport, Kankakee, Illinois. Bomb drop and spot landing competitions. Our world famous chef will be preparing breakfast, lunch, and dinners. Sport powered parachute and airplane introductory flights. Sponsored by EAA Chapter 1159. Visit [The Ultralight Place](#) for more information.

EAA AirVenture Oshkosh

July 23-29, 2007. Wittman Regional Airport, Oshkosh, Wisconsin. [EAA AirVenture Oshkosh](#).

The first SLSA CGS Hawk at Sun N fun

Should be in St. Louis in June.

As the buzz has been going around at meetings Bill Buchholz (Two H's) let CGS take the air frame he bought last year and turn it in to SLSA #1.

Here is a proud Grandpa going for a test fit with Haley. Start them young son. Looks like some one will be a young eagle to me.

Only thing missing on the banner is "fits Bill"
