**Website Creation**

**(When Restaurant does not have a Website- 3 Choices available)**

**Choice 1: Online Ordering Only Page** - - - - - **Included**  
with a free domain name  
(www.your restaurantname.com)

**Choice 2: Template Website** - - - - - **\$600**  
(Pick from pre-designed Templates)

**Choice 3: Custom Developed Website** - - - - - **Custom Quote**  
per Restaurant Specifications

**Website Integration and Design**

**(when Restaurant has an existing website)**

**Online Ordering Link for your Webmaster** - - - - - **Included**  
**Basic Coloring (Online Ordering Page)** - - - - - **Included**

**I-Frame integration (into existing website)** - - - - - **\$200**

I-frame integration into a restaurants existing website will make it look as if the restaurant developed Online Ordering themselves. This can be seen by visiting the Texas Steak Express Website. <http://steakexpress.com/ordering>
